FROM THE VERANDAH...

If you have visited our cellar door in the last few years, then chances are you have either seen or met our friendly cellar door cat Molly lazing around on the verandah.

Molly was originally found abandoned in a timid and neglected state at the Margaret River Wine Industry Association. Shortly afterwards she found herself a new and happy home as vineyard resident and family member at Rockfield. She now provides loyal company in the winery and cellar door during the long vintage hours, or just as happily enjoys basking herself in the sunshine. She heads up our vermin-control unit and is definitely a well loved and important member of the Rockfield team!

Here's to another great vintage for Rockfield in 2011. We look forward to seeing you at the cellar door again soon.
